**HATCHERIES, DEALERS AND INDEPENDENT
FLOCKS PARTICIPATING IN
THE NATIONAL TURKEY
IMPROVEMENT PLAN,
1954**

The publication of this list is for the purpose of developing greater efficiency in the operation of the National Turkey Improvement Plan. Additional information regarding these participants may be obtained by writing to them, or to the official State agency in their respective States. Due to the fact that changes frequently occur in this list, it is suggested that anyone desiring to purchase hatching eggs or poults from the listed participants write the official State agency for a confirmation of the classification before making such purchase. Supplements to this publication, containing changes in participation, will be published periodically.

FOREWORD

The hatcheries, dealers and independent flocks listed in this publication are participating in the National Turkey Improvement Plan, according to reports submitted by the official State agencies. They are listed alphabetically by States.

The turkey hatching egg capacity is shown in the following manner: (1) Exclusive turkey hatcheries include combined incubation and hatching capacity (Manufacturer's rating for turkey eggs); (2) Where hatcheries incubate and hatch both chicken and turkey eggs and use separate machines for each, the combined incubating and hatching capacity (Manufacturer's rating for turkey eggs), of the machines used to hatch turkey eggs is reported; (3) Where chicken and turkey eggs are hatched in the same machines an estimate of the capacity used for turkey eggs is reported.

The following abbreviations indicate the products each dealer offers for sale:

CH - Eggs custom-hatched offering poults for sale
DE - Hatching egg dealer
DP - Poult dealer
DEP - Dealer in both hatching eggs and poults

The name and address of the contact representative and the official State agency are indicated at the beginning of the list of hatcheries for each of the cooperating States.
